Members **AGREED** the minutes of the Amenities Committee held on the 3rd March 2025 and **ADOPTED** by Full Council on the 10th March 2025.

04 PUBLIC PARTICIPATION TIME

The meeting will be adjourned for a period specified in the Resolution (no longer than 15 minutes) to allow Members of the Public, and any Councillors with prejudicial interests to speak.

Note that only items on this Agenda are to be discussed – for any other item/ subject please contact the Clerk in writing for submission at a future meeting.

The motion was proposed,

Members **AGREED** to adjourn the meeting.

No members of the public wished to speak.

The motion was proposed,

Members **AGREED** to resume the meeting

05 MATTERS FROM PREVIOUS MEETINGS

To report on progress on items from previous meetings. No decisions may be taken.

5.1 Minutes filed.

5.2 Flag pole installed.

5.3 SAM2 guide pending(ST)

5.4 Bin at Staithe replaced.

5.5 Weavers Way ownership settled.

5.6 Correspondence replied to.

06 TOWN HALL

6.1 To consider and agree Internet Connections for the Town Hall.

The motion was proposed,

Members **AGREED** for Cllr Toone to organise the switch over.

6.2 To consider and agree actions to the oven not working.

The motion was proposed,

Members **AGREED** for Cllr P Wilmhurst to investigate getting this repaired.

07 BURIAL GROUNDS

7.1 To consider and agree how often to have the walls at the burial ground inspected.

The motion was proposed,

Members **AGREED** for the Clerk to contact Councils insurance for guidance and report back to members.

08 ALLOTMENTS

8.1 Update on the pest issues at the allotments and to consider and agree any actions.

The motion was proposed,

Members **AGREED** to go with APC Pest Control with 12 visits per year.

8.2 To consider and agree the updated allotment holders agreement.

The motion was proposed,

Members **AGREED** to update the allotment holders agreement to say:

*“in the event of an infestation the allotment holder is responsible for contacting the Council to advise full details. The holder is **not** to take any measures to control this by baiting or trapping.”*

8.3 To consider and agree allotment holders proposal re plot 1a and b.

The Clerk requested the motion to be amended to say:

“To consider and agree allotment holders proposal re plot 1a, b and 3”

The motion was proposed,

Members **AGREED** to amend the resolution to say:

“To consider and agree allotment holders proposal re plot 1a, b and 3”

The motion was proposed,

Members **AGREED** the following:

Plots 1a and 1b to be cultivated rent free for a year, but if required can be rented.

Plot 3 to be turned into 3 plots once cleared and rent to be charged at £20 with water of £11 per year for each plot.

09 HIGHWAYS

None

10 STREET FURNITURE

10.1 Update on the place for the Tommy and to consider and agree to any actions.

The motion was proposed,

Members **AGREED** for the Clerk to investigate 3 options:

The area by the Swan sign on the High Street.

The Baptist Church

Garden area at the top of Yarmouth Road.

10.2 To consider and agree if to purchase new flags for the High Street.

The motion was proposed,

Members **AGREED** to wait until the ownership issue has been resolved and then look into.

03 MINUTES FROM PREVIOUS MEETINGS.

3.1 To agree and sign the minutes of the Amenities Committee held on the 4th November 2024 and **ADOPTED** by Full Council on the 11th November 2024.

The motion was proposed,

Members **AGREED** the minutes of the Amenities Committee held on the 4th November 2024 and **ADOPTED** by Full Council on the 11th November 2024

04 PUBLIC PARTICIPATION TIME

The meeting will be adjourned for a period specified in the Resolution (no longer than 15 minutes) to allow Members of the Public, and any Councillors with prejudicial interests to speak.

Note that only items on this Agenda are to be discussed – for any other item/ subject please contact the Clerk in writing for submission at a future meeting.

No members of the public were present.

05 MATTERS FROM PREVIOUS MEETINGS

To report on progress on items from previous meetings. No decisions may be taken.

5.1 Minutes filed.

5.2 Water leak in Town Hall resolved.

5.3 Moles at Campingfield being monitored

5.4 Plots 1a & 1b in progress looking at options.

5.5 Community Fridge given free plot at the allotments.

5.6 Campingfield Working Group will meet later in the year.

5.7 Grit bins being filled this month.

5.8 Staithe agreement signed.

5.9 Stalham in Bloom doing work at the Staithe.

5.10 Gravel boards offered to Stalham in Bloom.

5.11 Street light contract renewed.

06 TOWN HALL

- 6.1 To consider and agree the quotes for the Flag Pole at the Town Hall.
The motion was proposed,
Members **AGREED** to refer this back to Full Council.

07 BURIAL GROUNDS

08 ALLOTMENTS

09 HIGHWAYS

- 9.1 Update on SAM2 training and to consider and agree any actions.
Cllr Toone updated the meeting that he was putting together a guide on this.

10 STREET FURNITURE

- 10.2 Update on the place for the Tommy and to consider and agree any actions.
The motion was proposed,
Members **AGREED** for the Clerk to investigate the following options:
- The corner of St Johns Road and High Street.
 - Dunkerly Court.

11 STREET LIGHTS

12 PROCEDURAL

13 STAITHE

- 13.1 Update on the land at the Mermaids slipper and to consider and agree any actions.
No Action required.
- 13.2 Update on the pontoon and to consider and agree any actions.
The Clerk updated the meeting on the Pontoon.
- 13.3 To consider and agree if to replace the broken bin.
The motion was proposed,
Members **AGREED** to see if the spare bin in storage is suitable.

14 Land

- 14.1 Update on land at Weavers Way and to consider and agree any options.
The motion was proposed,
Members **AGREED** for the landowner to put together a written proposal for members to consider as there are so many contributing factors.

15 TO REPORT ANY OTHER BUSINESS

Note that this is to report matters for inclusion in a future agenda or matters which require no decision to be made by the Council.
Cllr Wilmshurst mentions the overgrown footpath on Brumstead Road.
The Clerk will investigate this.

16 CORRESPONDENCE

- To consider correspondence received by the Council and agree responses thereto.
- 16.1 An email from a resident re Dog Park.
The motion was proposed,
Members **AGREED** that there was still no suitable land for a Dog Park in Stalham, and unless the situation changes this won't be put forward to members again.
- 16.2 Email from hall user re usage of the hall.
The motion was proposed,
Members **AGREED** that the cost to administer a record book would be counterproductive to keeping the hall charges down and may end in the hall charges increasing higher.

16 DATE OF NEXT MEETING

16.1 To confirm the next meeting of this Committee is 2nd June 2025

MEETING CLOSED: 7:58PM

CHAIR:_____

DATE:_____

Report on the Internet Connections for Stalham Town Hall and the Poppy Centre

Stalham Town Hall

The Broadband connection to the Town Hall is of standard copper wire connection and has been in place for approximately 4 years. The connection speed is low which can lead to a slow response time when a number of users are accessing the Internet.

All users, Council Staff, Councillors and the Town Hall hirers all use the same connection and this poses a small risk to Council data which, in turn, could cause a breach of GDPR. To be clear, Council is not breaching GDPR by allowing external users onto the internet but protection of Council data is paramount.

The risk is mitigated because the Council IT equipment has been configured correctly and the equipment is turned off at night when Staff leave the premises.

A further risk is that Council relies on data being copied to the Cloud. Security on the Cloud has significantly improved over time but there is a risk that through failures, as happened recently, Council may not be able to access the data.

Recommendations

Upgrade the Broadband Connection to a fibre connection. This will increase the connection speed and improve response times for users.

Upgrading will provide an updated router which has a dual connection for users, a main connection and a guest connection. The guest connection is controlled by BT but is completely separate from the main connection and there is no possible crossover between the two. This will allow Council

Staff and Councillors to use the main connection and the Town Hall hirers to use the guest connection.

Introduce a VPN within the main connection, this will mask the connection ID when using the internet.

Lastly, introduce local regular backups of data to a device that could be kept away from the Town Hall for added protection.

Stalham & Brumstead Recreation Ground, Poppy Centre

The Broadband connection at the Poppy Centre has been upgraded, along with the Router, to fibre and the router has the BT Guest connection as part of the upgrade.

As for the Town Hall, the Poppy Centre allowed all users to connect to the one account with a common name and a simple password.

Neither the Charity or the Town Council have IT equipment permanently installed at the Poppy Centre and so there are no security or GDPR concerns at this time.

Proposal

As there are no security or GDPR issues, Trustees allow the set up of the new system to allow all users to connect to the main account. This will give everyone the benefit of the improved speed.

ALLOTMENT APPLICATION PACK

Thank you for your enquiry about having an allotment plot at Stalham Town Council's allotments.

Please read carefully all the information contained in this pack, and should you require further assistance then please do not hesitate to contact the Clerk.

PROCESS	OFFICE USE ONLY
Please read the attached documents	
Complete your details on page 2. Read and sign the contract on page 3 onwards and return to Council.	
You will be given a choice/s of plots available and given 10 working days to respond.	
Please note, if there is waiting list you will be informed of your place on this list.	N/A
Once plot has been agreed you will then be asked to complete the tenancy documents, sign, and return to Council.	
Deposit and 1 year's rents to be paid before applicant can officially take over the allocated plot.	
Plots will be inspected annually.

TENANCY AGREEMENT FOR AN ALLOTMENT GARDEN

1. The Council shall let to the tenant the Allotment Garden situated at Staithe Road, Stalham and referenced as **Plot 9 of 100 sqm** in the Council's Allotment Register ('the Allotment Garden')
2. The tenant shall pay a rent of **£30.00 plus £11.00 for water(100sqm)** which shall be payable:
 - [a] in full on or within 30 days of the 30th April each year.
 - [b] Incoming tenants shall pay a deposit of **£100.00** returnable if the allotment is left in good condition at the end of the tenancy.
 - [c] Methods of payments are:
 - BACS
Account Name: Stalham Town Council
Bank: Unity Bank
Sort Code: 60-83-01
Accounts Number: 20439693
 - CHEQUE
Post to The Town Hall, 74 High Street, Stalham, Norfolk, NR12 9AS
3. The tenant shall use the Allotment Garden only for the cultivation of fruit, vegetable and flowers for use and consumption by themselves and their family.
4. The tenant shall not sell or undertake a business in respect of the cultivation and production of fruit, vegetable, and flowers in the Allotment Garden.
5. The tenant shall reside within Stalham during the tenancy and vacate the plot immediately upon moving out of the area.

6. During the tenancy, the tenant shall:

- a) keep the Allotment Garden clean and in a good state of fertility and cultivation.
- b) not cause a nuisance or annoyance to the owners or occupiers of land adjoining the Allotment Garden.
- c) not bring to or keep animals in the Allotment Garden without first obtaining the Council's written consent.
No dogs or other pets are allowed on the allotment ground.
- d) not assign the tenancy nor sub-let or part with the possession of any part of the Allotment Garden.
- e) the tenant shall not erect a shed, greenhouse or other building or structure on the Allotment Garden without first obtaining the Council's written consent and if appropriate planning permission, structures not to exceed 1.81 x 2.4m in areas and 2.14 metres in height plus a plastic butt to collect rainwater from its roof. Only single bricks or small slabs are allowed as mineral foundations, and the tool shed must be sited at the north-east corner of the plot and not less than one metre from the plot boundary.
- f) fencing of the allotment garden shall not exceed 1.5 metres in height.
- g) maintain and keep in repair the fences and gates forming part of the Allotment Garden.
- h) trim and keep in decent order all hedges forming part of the Allotment Garden.
- i) not plant any tree, shrub, hedge, or bush without first obtaining the Council's written permission.
- j) not cut, lop, or fell any tree growing on the Allotment Garden without first obtaining the Council's written consent and if appropriate planning permission.
- k) be responsible for ensuring that any person present in the Allotment Garden with or without the tenant's permission does not suffer personal injury or damage to his property.
- l) permit an inspection of the Allotment Garden at all reasonable times by the Council's employees or agents.
- m) not obstruct or permit the obstruction of any of the paths or roads which provide a means of access to and from the Allotment Garden or the Allotment Garden of another tenant.
- n) Any non-biodegradable horticultural materials used on the site must be easily removed and not buried in the ground. These must not include sheet metal, asbestos, glass, carpet, or noxious materials of any kind. Organic waste must be composted. **No bonfires are allowed.**
- o) effective measures must be taken to prevent potato or tomato blight. The adjacent field crops potatoes on rotation, no potatoes may be grown.
- p) in the event of an infestation the allotment holder is responsible for contacting the Council to advise full details. The holder is **not** to take any measures to control this by baiting or trapping.

7. The tenant shall observe additional rules that the Council may make or revise for the regulation and management of the Allotment Garden and other allotment gardens let by the Council.

8. The Council shall pay all rates, taxes, dues, or other assessments which may at any time be levied or charged upon the Allotment Garden.

9. The tenancy may be terminated by the Council serving on the tenant not less than twelve months' written notice to quit expiring on or before the 6th day of April or on or after the 29th day of September in any year.
10. The tenancy may be terminated by the Council by service of one month's written notice on the tenant if:
 - a. the rent is in arrears for 40 days or.
 - b. three months after the commencement of the tenancy the tenant has not observed the rules referred to in clause 8; or
 - c. the tenant lives outside the boundary of Stalham.
11. If the tenant shall have been in breach of any of the foregoing clauses or on account of the tenant becoming bankrupt, the Council may re-enter the Allotment Garden and the tenancy shall thereupon terminate but without prejudice to any right of the Council to claim damages for any such breach or to recover any rent already due before the time of such re-entry but remaining unpaid.
12. The termination of the tenancy by the Council in accordance with clause 12 or after re-entry by the Council in pursuance of its statutory rights, shall not prejudice the tenant's statutory rights to compensation.
13. The tenancy may be terminated by the tenant by serving on the Council not less than two months' written notice to quit.
14. On the termination of the tenancy, the tenant shall remove any shed, greenhouse or other building or structure erected in the Allotment Garden unless the Council agrees otherwise which shall be confirmed in writing to tenant.
15. Any written notice required by the tenancy shall be sufficiently served if sent by registered post to or left at the parties' address. Any notice to be served by the tenant shall be addressed to the Council's.
16. The Council has the right to amend these regulations at any time giving due notice to the tenants.
17. Please note your details will be kept on file for up to 6 months after your tenancy is terminated. You have the right to opt out of this at any time.

How customer reviews and ratings work

Customers say

Customers find the flag banner well-made with good stitching and appreciate its great color and appearance on the flagpole. They consider it good value for money. The durability receives mixed feedback - while some say it will last for ages, others report fraying at the edges.

Great quality Union FLAG

Reviewed in the United Kingdom on 26 June 2025

Size Name: UK-90x150cm Colour Name: UK **Verified Purchase**

Union FLAG. Decided to go for a better quality than I usually get. The stitching looks good and it is sturdier than the usual nylon flags I buy (which I have to change two or three times per year , depending on weather)

The colours are vibrant and it flies well so far(today is somewhat windy though). I will re-view this review in a few months for quality update

Seemed well made and good enough on arrival but after about 6 months on display the red had become very faded and washed out. Disappointing. I don't want to be buying a new flag twice a year.

TEAK WOOD ROYAL PARK BENCH

£999.00

3 payments of **£333.00** at 0% interest with **Klarna** [Learn more](#)
18+, T&C apply, Credit subject to status.

SKU: 137T

The Teak Wood Royal Park Bench is designed for spaces that call for something solid, classic, and built to last. Whether you choose the 5ft, 6ft, or 8ft version, each bench in the Royal range offers the same dependable quality and timeless style.

Crafted from premium teak, it's naturally durable and weather-resistant, with a chunky, sturdy build that gives it a strong visual presence. The design is traditional and understated, making it a great fit for both private gardens and public spaces.

Stalham Town Clerk

Subject: S38 Yarmouth Road, Stalham - Medcentres PLC (9/1/21/1532)
Attachments: 8580-BHP-XX-XX-DR-C-200 C6 (Extra Care Road S38 Layout).pdf; S38 Yarmouth Road, Stalham - Letter C2.pdf

Good morning Susan,

Norfolk County Council have been approached to define the street lighting requirements for the above development in Stalham, I have attached the S38 layout to this email.

Following a review of the highway safety requirements on this site, I can confirm that Norfolk County Council does not require any street lighting on the estate.

I am now writing to you to confirm whether or not street lighting will be required by Stalham Town Council.

Please could I ask that you review the attached and return the complete C2 letter, I can then inform the developer of any lighting requirements.

If you have any questions, please feel free to get in touch.

Kind regards

Danny

Email: streetlighting.pt@norfolk.gov.uk

Dear Susan,

Development at S38 Yarmouth Road, Stalham.
By: Medcentres PLC.

The County Council will not accept responsibility for street lighting on this estate as it is considered that there is no highway need.

If your Council requires lighting and wishes to accept its future responsibility then it must be to a footway lighting standard, (Where no street lamp is mounted above 13 feet (3.9 metres) or where no street lamp is mounted more than 20 feet (6 metres) above ground level and there is at least one interval of more than 50 yards (45.75 metres)) between adjacent street lamps in the system) but the actual positions and equipment used is your Council's decision subject to the County Council's approval as Highway Authority.

Would you please complete the attached form and return it to me in order that I may know your Council's requirements.

Yours sincerely

Daniel Marshall
Street Lighting Technician

Inspection Scope for RPII Inspection Methodology

This document outlines the RPII scope for inspections undertaken by the Inspectors listed as Annual Inspectors on the RPII Register of Inspectors when undertaking Indoor Annual, Outdoor Annual, Outdoor Operational and Outdoor Routine inspections.

Inspections are undertaken with reference to the standards listed in this preamble only; where no date for the standard is given it will be the standard that is current at the time of inspection except where overlap periods are granted by the standards committee when standards are updated. The information contained in reports is provided to assist the owner/operator in fulfilling their responsibilities as detailed in the relevant standard. Other standards referenced within the listed standards do not form part of the inspection, unless they are also explicitly listed here.

The following standards are relevant to all installations of equipment that are publicly accessible to users; this includes public parks, pay and play parks, schools, nurseries, public houses, holiday parks, indoor play centres, farm parks etc. All equipment used or employed in publicly accessible areas should meet with the requirements of the relevant standards (listed below):

BS EN 1176 Parts 1, 2, 3, 4, 5, 6, 10 & 11 Playground equipment intended for permanent installation outdoors & indoors.

BS EN 1176 Part 7 - 'Guidance on Installation, Inspection, Maintenance and Operation' (this document gives guidance to the owners/operators of the facility on the installation, inspection, maintenance and operation of playground equipment, excluding ancillary items).

In the United Kingdom the National Foreword forms an important part to the understanding and implementation of the recommendations set out in this document. It clarifies the application of the document within the UK as best practice guidance, as the document has been used since its initial publication. Therefore, in the UK this standard (BS EN 1176 – Part 7) contains no requirements and needs to be read and implemented as guidance, with the use of the term 'shall' therefore becoming a recommendation, as in the term 'should'.

Domestic play equipment falls outside of the scope of BS EN 1176 and has its own standards (BS EN 71 series – Safety of Toys). Where domestic equipment can be identified this will be acknowledged in the report but any comments concerning compliance will follow the requirements and recommendations of BS EN 1176.

When water play items, including spray parks, are inspected any comments concerning compliance within the inspection will refer to BS EN 1176. We have not assessed these against the requirements of BS EN 17232 (Water play equipment and features).

Other equipment that is not clearly identified as unsupervised or domestic (natural play, self-build equipment etc.) will be assessed for compliance with the relevant standard listed below:

BS EN 15312 Free access multi-sports equipment
BS EN 14974 Skateparks
BS EN 16630 Permanently installed outdoor fitness equipment
BS EN 16899 Parkour equipment (plus RPII/API guidance notes)

Annual and Post Installation inspections will take into consideration compliance with these current standards, and defects related to wear and vandalism. Items not listed in the report have not been included in the inspection. The inspection will cover the playground equipment and the active area (that area which is obviously part of the playground), nominally up to three metres around, the fence line if closer, or other areas as agreed.

Operational inspections only take into consideration defects related to cleanliness, equipment ground clearances, ground surface finishes, exposed foundations, sharp edges, missing parts, excessive wear (of moving parts) structural integrity, wear and vandalism.

Routine visual inspections relate only to the most obvious defects such as broken or missing parts, litter, vandalism and issues created by severe weather conditions (the intention is to identify hazards created by storm damage).

All inspections are non-dismantling, non-destructive and do not include any structural, toxicology or impact assessments defined in the standard; however, the inspector will undertake a manual test for stability and if equipment fails under manual load, or any other hazard is identified as an unacceptable risk, the owner/operator will be notified as soon as practicably possible.

The inspector will access all reasonably accessible equipment and will assess all reasonably accessible parts above the standing surface. Where it is not possible to access parts of the equipment without employing an alternative means of access the report will record the action required by the owner/operator to ensure the continued safe use of the equipment.

Ancillary equipment will be assessed using the inspector's knowledge and experience of the standards named in this document. (Note: Ancillary items are not included in the specific equipment-type parts of the EN 1176 series; hence they are not assessed for compliance with EN 1176 series and are subject to a general safety assessment).

The owner/operator is responsible for the overall safety of the equipment and area.

The inspector will not undertake any of the following works unless specifically agreed in writing at the time of order:

Checking the depth and underlying structural integrity of any surface areas and/or carrying out any testing of the impact attenuating properties of any surfaces; the identification of any corrosion, rot or other deterioration in any apparatus or equipment other than by an external inspection; the inspection of any equipment (or part thereof) that is beneath the playing surface (loose-fill materials may be moved to expose foundations); tightening any bolts, hinges or other fixing devices on any apparatus or equipment; assessing or inspecting any electrical installations contained on any site and/or apparatus and/or equipment; assessing or inspecting any water supplies and/or water features and/or any associated computerised systems (including carrying out any programming); where planting or trees are mentioned in the report no assessments of toxicity, suitability or condition are undertaken – the owner/operator should have suitable inspections provided by a competent person.

The owner/operator should have a 'design risk assessment' provided by the manufacturer/designer of the area for the equipment and location in which the facility is installed.

The operator is responsible for managing risks of their provision and is required by law to carry out a 'suitable and sufficient assessment' of the risks associated with a site or activity. This inspection shall be considered as contributing to the operator's discharge of this responsibility.

The details contained within the report are a snapshot of the condition at the time of inspection only and subsequent events may affect the condition of the facility. Suggested remedial actions are based on the knowledge and experience of the inspector and/or that of the inspection company. The owner/operator should always seek the advice of the manufacturer or a competent person when undertaking repairs and/or modifications to equipment.

A full copy of the Play Inspection Company Ltd. Terms & Conditions is available on our website (www.playinspections.co.uk)

The operator is responsible for following the guidance of the relevant standards. The standards give guidance on the installation, inspection, maintenance and operation of the various types of facilities. The inspection guidance is listed in Table 1, with an indication of which parts will be included in an RPII Annual or Post-Installation Inspection. The relevant standards also contain additional parts which the operator should follow.

Inspection recommendations of relevant standards Refer to relevant standards for full text	Annual Main	RPII Annual/ Post Installation Inspection
6.1 d) Overall levels of safety of equipment (see note 1)	✓	✓ [1]
6.1 d) Overall levels of safety of foundations (see note 1)	✓	✓ [1]
6.1 d) Overall levels of safety of playing surfaces (see note 2)	✓	✓ [2]
6.1 d) Compliance with the relevant parts of the standard and or risk assessment (see note 3)	✓	✓ [3]
6.1 d) Effects of weather	✓	✓
6.1 d) Presence of rot, decay or corrosion (see note 1)	✓	✓ [1]
6.1 d) Assessment of repairs made or added or replaced components (see note 4)	✓	✓ [4]
6.1 d) Excavation or dismantling/additional measures	✓	✗
6.2.1 Assessment of glass reinforced plastics (see note 5)	✓	✓ [5]
6.2.1 Inspection of one post equipment (see note 1)	✓	✓ [1]
6.2.4 Undertaking the Operators inspection protocol	✓	✗

NB: The clause numbers in table 1 are taken from BS EN 1176 - Part 7:2020. The content is equally applicable to all other relevant standards listed herein. Playgrounds contain a range of equipment from different manufacturers and installed over a number of years; operators should implement any guidance provided by the manufacturer. Item specific detail is not readily available to RPII Playground Inspectors, whose report contributes to the operator's overall Annual Main Inspection as detailed in the relevant standards.

[1] A manual test only is undertaken for stability. Wear and instability are only detectable where readily apparent without dismantling or destruction and without the use of tools, excavation or specialist equipment. Rot and corrosion are tested or with a hammer and/or steel rod. Decay in timber may exist which can only be found with specialist equipment.

[2] Only the visible condition and dimensional compliance of surface extent is considered. Neither testing of impact attenuating properties nor measurement of the thickness of bound surfaces are undertaken on RPII annual inspections.

[3] The inspection assesses compliance where this can be tested on site using manual methods without dismantling, destruction and without the use of tools or specialist equipment.

[4] The operator should use manufacturer's recommended parts, or equivalent. We are unable to verify if such parts have been used, and any subsequent change in quality or performance.

[5] Visible glass fibres will be noted in reports. The operator is responsible for repairs or replacement.

Risk Assessment Matrix

			Scores in the report are multiplication factors of Likelihood x Severity					
			Severity>>					
Likelihood	Very High probability, if the situation is not addressed an accident is almost certain.	5	Very High	VL (5)	L (10)	M (15)	H (20)	VH (25)
	High probability an accident is probable without any added factor.	4	High	VL (4)	L (8)	M (12)	H (16)	H (20)
	Moderate probability an incident is foreseeable.	3	Moderate	VL (3)	L (6)	L (9)	M (12)	M (15)
	Some probability, requires a combination of factors to take place.	2	Low	VL (2)	VL (4)	L (6)	L (8)	L (10)
	No significant probability; lightning strike, freak accident.	1	Very Low	VL (1)	VL (2)	VL (3)	VL (4)	VL (5)
				Very Low	Low	Moderate	High	Very High
				1	2	3	4	5
				No injury likely e.g. damaged or soiled clothing, minor bruising, grazes	Minor injury, laceration or bruising requiring first aid only	Injury requiring medical intervention e.g. cuts requiring stitches	Serious injury including concussions or fracture of long bones	Severe injury involving a potential life changing injury or fatality
				Severity>>				
Note 1: The total risk scores included within our reports are a multiplication factor of the calculated Likelihood and Severity of each finding. Both Likelihood and Severity are given a number between 1 - 5 as shown on the matrix above and these two numbers are then multiplied together to give the total risk score that is shown against defects on the report. Total risk scores can be divided in both directions, i.e. a total risk score of 12 could be a Likelihood (3) x Severity (4) or Likelihood (4) x Severity (3). Note 2: When we inspect we only see a snapshot of the current condition of the equipment. It is the operators responsibility to ensure that there is a continuing level of maintenance to keep the equipment in good working order and the site fit for use.								

Equipment has been assessed to the following standards where relevant:

BS EN 1176 Parts 1-11 (Playground equipment and surfacing)
BS EN 14974 (Facilities for users of roller sports equipment)
BS EN 15312 (Free access multi-sports equipment)
BS EN 16899 (Parkour Equipment)
BS EN 16630 (Outdoor Fitness Equipment).

Millside Play Area

Inspection Ref: 2954774

Site Ref: 52754

Inspected: 14-January-2026 - 10:58 by Liam Last (RPII Annual Inspector)

Risk Assessment: 10 Low Risk

**Location:**

The site is located in an area of public open space and is not directly overlooked by any properties in the local community.

Disabled Access:

Some accessible features; an area that presents difficulties to the majority of people with disabilities but in favourable circumstances and certainly in partnership can be accessed.

5 - Very Low Risk

Item: Sign
Manufacturer: Not Identified
Surface Type: N/A
Item Quantity: 1
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

BS EN 1176 Part 7 recommends that signage shall include the site name / address - Provide additional information

10 - Low Risk

Item: Gate
Manufacturer: Not Identified
Surface Type: Grass
Item Quantity: 2
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

There are openings that are less than 12mm that could trap or crush fingers - Provide a 12mm gap throughout full range of motion at both sides of gate

4 - Very Low Risk

Item: Gate
Manufacturer: Not Identified
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

The gate/s was / were locked or secured at the time of the inspection and a full inspection could not be undertaken - Complete inspection of gate/s when re-opened

4 - Very Low Risk

Item: Fencing - Timber
Manufacturer: Not Identified
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

This item is satisfactory - no work required -

6 - Low Risk

Item: Litter Bin
Manufacturer: Not Identified
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

The lid or door of the litter bin is not secured - Ensure the lid or door is kept locked

4 - Very Low Risk

Item: Swing Barrier
Manufacturer: Not Identified
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: N/A
Surface Area Compliance: N/A

Total Findings: 1

Finding 1

This item is satisfactory - no work required -

4 - Very Low Risk

Item: Balance Beam
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 1

Finding 1

This item is satisfactory - no work required -

8 - Low Risk

Item: Balance Beam
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 1

Finding 1

There is algae or moss on the surface of the equipment - Clean and treat appropriately

6 - Low Risk

Item: Wobble Board
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 1

Finding 1

The paintwork on the spring has been damaged or worn exposing the metal underneath which is rusting - Treat any rusting components and repaint

8 - Low Risk

Item: Stepping Stones
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Grass
Item Quantity: 4
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 3

Finding 1

There is some evidence of rot in the timber - Monitor for any further deterioration and replace as required

Finding 2

There is some strimmer / machinery damage apparent on the posts, this can penetrate the preservative applied to the timber and accelerate the rotting process - Monitor for any deterioration (rot) and replace as required

Finding 3

There is algae or moss on the surface of the equipment - Clean and treat appropriately

6 - Low Risk

Item: Activity Trail
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Grass
Item Quantity: 1
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 6

Finding 1

There is some strimmer / machinery damage apparent on the posts, this can penetrate the preservative applied to the timber and accelerate the rotting process - Monitor for any deterioration (rot) and replace as required

Finding 3

There is some notable evidence of chain wear - Monitor for any further deterioration and replace when 40% worn

Finding 5

The posts are leaning - Reset as required

Finding 2

There is some evidence of rot in the timber - Monitor for any further deterioration and replace as required

Finding 4

The connecting lugs are showing signs of wear - Monitor for any further deterioration and repair as required

Finding 6

The timber has a number of splits/shakes or air cracks and this may affect the stability or allow water ingress which will accelerate the rotting process. Timber splits may also create rough / splintering edges. - Monitor, sand down any rough edges and ensure the splits do not cross through fixing points of the structure and/or cause any instability

8 - Low Risk

Item: 1 Bay 2 Seat (Flat)
Manufacturer: Playdale Playgrounds Ltd
Surface Type: Bonded Rubber Mulch
Item Quantity: 1
Equipment Compliance: Yes
Surface Area Compliance: Yes

Total Findings: 4

Finding 1

There is algae, silt or moss growth on the surface resulting in slippery conditions - Clean and treat appropriately

Finding 2

There is some notable evidence of chain wear - Monitor for any further deterioration and replace when 40% worn

Finding 3

There is some wear to the shackles - Monitor for any further deterioration and replace when 40% worn

Finding 4

The safety surface around the area is beginning to wear - Monitor for any further deterioration and repair as required

8 - Low Risk

Item: Free Standing Slide
Manufacturer: Not Identified
Surface Type: Grass Matrix Tiles
Item Quantity: 1
Equipment Compliance: No
Surface Area Compliance: Yes

Total Findings: 6

Finding 1

There are a number of dents in the slide surface - Monitor for any further deterioration and repair as required

Finding 2

There is/are finger entrapment/s in the slide starting section and the item fails to meet the requirements of BS EN 1176 Part 1 4.2.7.6 Entrapment of fingers - Remove entrapment

Finding 3

The side of the slide is damaged - Monitor for any further deterioration and repair as required

Finding 4

There is / are toggle entrapment/s present in contravention of the recommendations set out in BS EN 1176 Part 1 - Monitor - No action given the risk assessment

Finding 5

There is surface corrosion / rust present on the item - Consider treating the item

Finding 6

There are projecting bolt thread(s) present - Remove excess thread length and deburr or provide cap

Findings information

5 - Very Low Risk (Finding 1)

Item: Ancillary Items - Sign
Manufacturer: Not Identified

Risk Level: V - Very Low Risk
Surface: N/A

Finding: BS EN 1176 Part 7 recommends that signage shall include the site name / address
Action: Provide additional information

10 - Low Risk (Finding 1)

Item: Gates - Gate
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass

Finding: There are openings that are less than 12mm that could trap or crush fingers

Action: Provide a 12mm gap throughout full range of motion at both sides of gate

4 - Very Low Risk (Finding 1)

Item: Gates - Gate
Manufacturer: Not Identified

Risk Level: V - Very Low Risk
Surface: Grass

Finding: The gate/s was / were locked or secured at the time of the inspection and a full inspection could not be undertaken

Action: Complete inspection of gate/s when re-opened

6 - Low Risk (Finding 1)

Item: Ancillary Items - Litter Bin
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass

Finding: The lid or door of the litter bin is not secured

Action: Ensure the lid or door is kept locked

i 8 - Low Risk (Finding 1)

Item: Activity Equipment - Balance Beam
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is algae or moss on the surface of the equipment

Action: Clean and treat appropriately

i 6 - Low Risk (Finding 1)

Item: Rocking Equipment - Wobble Board
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: The paintwork on the spring has been damaged or worn exposing the metal underneath which is rusting

Action: Treat any rusting components and repaint

i 6 - Low Risk (Finding 1)

Item: Activity Equipment - Stepping Stones
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is some evidence of rot in the timber

Action: Monitor for any further deterioration and replace as required

i 6 - Low Risk (Finding 2)

Item: Activity Equipment - Stepping Stones
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is some strimmer / machinery damage apparent on the posts, this can penetrate the preservative applied to the timber and accelerate the rotting process

Action: Monitor for any deterioration (rot) and replace as required

i 8 - Low Risk (Finding 3)

Item: Activity Equipment - Stepping Stones
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is algae or moss on the surface of the equipment

Action: Clean and treat appropriately

i 6 - Low Risk (Finding 1)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is some trimmer / machinery damage apparent on the posts, this can penetrate the preservative applied to the timber and accelerate the rotting process

Action: Monitor for any deterioration (rot) and replace as required

i 6 - Low Risk (Finding 2)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is some evidence of rot in the timber

Action: Monitor for any further deterioration and replace as required

i 6 - Low Risk (Finding 3)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: There is some notable evidence of chain wear

Action: Monitor for any further deterioration and replace when 40% worn

i 6 - Low Risk (Finding 4)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: The connecting lugs are showing signs of wear

Action: Monitor for any further deterioration and repair as required

i 6 - Low Risk (Finding 5)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: The posts are leaning

Action: Reset as required

6 - Low Risk (Finding 6)

Item: Activity Equipment - Activity Trail
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Grass

Finding: The timber has a number of splits/shakes or air cracks and this may affect the stability or allow water ingress which will accelerate the rotting process. Timber splits may also create rough / splintering edges.

Action: Monitor, sand down any rough edges and ensure the splits do not cross through fixing points of the structure and/or cause any instability

8 - Low Risk (Finding 1)

Item: Swings - 1 Bay 2 Seat (Flat)
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Bonded Rubber Mulch

Finding: There is algae, silt or moss growth on the surface resulting in slippery conditions

Action: Clean and treat appropriately

i 6 - Low Risk (Finding 2)

Item: Swings - 1 Bay 2 Seat (Flat)
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Bonded Rubber Mulch

Finding: There is some notable evidence of chain wear

Action: Monitor for any further deterioration and replace when 40% worn

i 6 - Low Risk (Finding 3)

Item: Swings - 1 Bay 2 Seat (Flat)
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Bonded Rubber Mulch

Finding: There is some wear to the shackles

Action: Monitor for any further deterioration and replace when 40% worn

6 - Low Risk (Finding 4)

Item: Swings - 1 Bay 2 Seat (Flat)
Manufacturer: Playdale Playgrounds Ltd

Risk Level: L - Low Risk
Surface: Bonded Rubber Mulch

Finding: The safety surface around the area is beginning to wear

Action: Monitor for any further deterioration and repair as required

4 - Very Low Risk (Finding 1)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: V - Very Low Risk
Surface: Grass Matrix Tiles

Finding: There are a number of dents in the slide surface

Action: Monitor for any further deterioration and repair as required

8 - Low Risk (Finding 2)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass Matrix Tiles

Finding: There is/are finger entrapment/s in the slide starting section and the item fails to meet the requirements of BS EN 1176 Part 1 4.2.7.6 Entrapment of fingers

Action: Remove entrapment

6 - Low Risk (Finding 3)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass Matrix Tiles

Finding: The side of the slide is damaged

Action: Monitor for any further deterioration and repair as required

5 - Very Low Risk (Finding 4)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: V - Very Low Risk
Surface: Grass Matrix Tiles

Finding: There is / are toggle entrapment/s present in contravention of the recommendations set out in BS EN 1176 Part 1

Action: Monitor - No action given the risk assessment

6 - Low Risk (Finding 5)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass Matrix Tiles

Finding: There is surface corrosion / rust present on the item

Action: Consider treating the item

i 8 - Low Risk (Finding 6)

Item: Other - Free Standing Slide
Manufacturer: Not Identified

Risk Level: L - Low Risk
Surface: Grass Matrix Tiles

Finding: There are projecting bolt thread(s) present

Action: Remove excess thread length and deburr or provide cap
